THE BEARDED COLLIE CLUB OF AMERICA

Working Together To Find A Cure For Canine Cancer

Like us on Facebook 

October 2011, No. 1

Dear Don,

The Bearded Collie Club of America Charitable Trust is excited to announce a Challenge Fund to donate \$10,000.00 to Cancer Research. All money donated through December 31, 2011 will be matched up to \$5,000.00, creating a total fund of \$10,000.00. This is your opportunity to donate to a 501 (c) 3 organization that will provide a tax deductible avenue to contribute to the needs of the Bearded Collie.

For many of us, our dogs are part of our family. And like any family member, our pets often suffer from the same diseases that humans do, including cancer. Statistics show that one in three dogs will be stricken by this deadly disease. Once the diagnosis of cancer is made there are treatment options available to pet owners but the prognosis is often grim.

Warning Signs of Canine Cancer

- Abnormal swellings that persist or continue to grow
- Sores that do not heal
- Weight loss
- Loss of appetite
- Bleeding or discharge from any body opening
- Offensive odor
- Difficulty eating or swallowing
- Hesitation to exercise or loss of stamina
- Persistent lameness or stiffness
- Difficulty breathing, urinating or defecating
